

## 5.5 Inch Auto Stop Fuel Nozzle 10ft Hose Automatic Shut Off Nozzle

### Basic Information

- Place of Origin: China
- Brand Name: Virette

### Product Specification

- Features: Trigger Lock, Splash Guard, Automatic Shut-off
- Stamp Number: D11a150s187
- Component: Fuel Injection Device
- Hose Length: 10 Feet
- Quality: Guranteed
- Material: Aluminum
- Warranty: 1 Year Limited Warranty
- Nozzle Diameter: 1 Inch
- Highlight: **5.5 inch auto stop fuel nozzle ,  
auto stop fuel nozzle 10ft hose ,  
10ft hose automatic shut off nozzle**

## Product Description

### Guaranteed 5.5 Inch Aluminum Automatic Trigger Lock Fuel Dispenser Nozzle with 10 Feet Hose

#### Product Description:

One of the key features of the Fuel Nozzle is its multi-cylinder design, which allows it to work efficiently with different types of vehicles. This also makes it an ideal choice for gas stations with a wide range of vehicles coming in for refueling.

The Fuel Nozzle has undergone rigorous testing and has been certified by UL, CSA, and CE, ensuring that it meets the highest safety standards. This guarantees that the product is safe for use in any gas station environment, making it a reliable and trustworthy choice for both customers and station owners alike.

Another important aspect of the Fuel Nozzle is its ability to deliver consistent and accurate petroleum flow to the vehicle's fuel tank. This ensures that the customer receives the correct amount of fuel and prevents any spillage or wastage.

In addition to its high-quality design, the Fuel Nozzle also comes with a guarantee of quality. This provides customers with peace of mind, knowing that they are using a product that is backed by the manufacturer.

In conclusion, the Fuel Nozzle is a must-have component for any gas station. Its multi-cylinder design, high-quality aluminum material, certifications, and guarantee of quality make it a reliable and efficient choice for regulating petroleum flow from the gas pump spout to the vehicle's fuel tank. Choose the Fuel Nozzle for a safe and hassle-free refueling experience.

#### Features:

Product Name: Fuel Nozzle

Features:

Trigger Lock

Splash Guard

Automatic Shut-off

Quality: Guaranteed

Pressure Rating: 50 Psi

Certifications:

UL

CSA

CE

Temperature Rating: 0-150 Degrees Fahrenheit

This Fuel Dispenser Nozzle, Petroleum Flow Nozzle is designed to make your fueling experience safe and efficient. With a pressure rating of 50 Psi and temperature rating of 0-150 Degrees Fahrenheit, this nozzle comes equipped with a trigger lock, splash guard, and automatic shut-off for added safety measures. Additionally, it is certified by UL, CSA, and CE, ensuring its quality is guaranteed.

#### Technical Parameters:

| Product Attribute   | Value                                          |
|---------------------|------------------------------------------------|
| Product Name        | Petroleum Flow Nozzle                          |
| Material            | Aluminum                                       |
| Model               | 11A                                            |
| Hose Length         | 10 Feet                                        |
| Component           | Fuel Injection Device                          |
| Pressure Rating     | 50 Psi                                         |
| Stamp Number        | D11a150s187                                    |
| Certifications      | UL, CSA, CE                                    |
| Cylinder            | Multi-cylinder                                 |
| Features            | Trigger Lock, Splash Guard, Automatic Shut-off |
| Nozzle Diameter     | 1 Inch                                         |
| Product Description | Petroleum Flow Nozzle, Oil Delivery Spout      |

#### Applications:

The Fuel Nozzle is an essential tool for petrol stations and oil delivery trucks. The nozzle is used to dispense petroleum from the storage tank into the vehicle's fuel tank. The Fuel Nozzle regulates the flow of petroleum, making it easy for the customer to fill their tank quickly and efficiently. The Virette Fuel Nozzle is designed to be durable and long-lasting, making it a reliable choice for petrol stations and oil delivery trucks.

The Virette Fuel Nozzle is also ideal for use in industrial settings where petroleum is used in large quantities. The nozzle's pressure rating and nozzle diameter make it suitable for use with large storage tanks and heavy-duty machinery. The Fuel Nozzle can be used to fill up industrial machinery, making it easy and convenient for workers to refuel their equipment.

The Fuel Nozzle is also a useful tool for farmers and agricultural workers. The nozzle's ability to regulate the flow of petroleum makes it ideal for use with tractors and other farm machinery. The Fuel Nozzle can be used to fill up the fuel tank of tractors, making it easy for

farmers to keep their equipment running smoothly.

In conclusion, the Virette Fuel Nozzle is a reliable and high-quality product that is perfect for petrol stations, oil delivery trucks, industrial settings, and agricultural work. Its durability, pressure rating, and nozzle diameter make it a versatile tool that can be used in a variety of settings. With its 1-year limited warranty, customers can be confident in their purchase of the Virette Fuel Nozzle.
